

The current facility, built in 1987 features ten combination skeet and trap fields, two five-stand layouts, two wobble trap fields and two Sporting Clays courses to suit the needs of both Hunter and Competition Clays shooters.

Our professional management/member teams have established NSC as a premier facility for staging special clay shooting events capable of attracting hundreds of participants.

The Northbrook Sports Club is situated on over 600 acres of rolling countryside in northern Illinois. NSC's 800 members enjoy one of the finest clay target shooting facilities in the U.S., throwing over 1.5 million targets annually.

In addition to conventional events like the Chicago Grand Trap Tournament, Great Western Skeet Tournament, and monthly NSCA Competition Sporting Clays, Northbrook has played host to a variety of fun shoots for enthusiasts of vintage and classic double and pump guns.

The annual Ronald McDonald House Charity Event for northern Illinois traditionally brings over 400 competitors to NSC for a fun filled weekend of sporting clays and games of skeet and trap, and it's growing every year!
